"Peacekeeping is not a soldier's job, but only a soldier can do it."
-unofficial motto of the United Nations soldier.

Preface

With the end of the Cold War, there has been a significant increase in peacekeeping missions around the globe. To assist student researchers in a better understanding of peacekeeping's expanding role, the U.S. Army War College Library presents Peacekeeping: A Selected Bibliography.

This list has been tailored to include generally those materials published since 1980 which are readily available in the USAWC Library collection. For your convenience, we have added our call numbers at the end of each book entry (keep in mind that call numbers vary from library to library).

For additional information, please contact the Research and Information Services Branch, U.S. Army War College Library, DSN 242-4280 or Commercial (717) 245-4280.
